About GBL

Since the company was founded in 2022 in Indonesia, PT. Guna Budi Lancar started this business by providing services in the field of engineering design. Armed with expertise and dedication in the field of professional design, we believe we can provide assistance to large companies such as automotive companies, mold makers, and so on. Since the beginning of 2022, we have developed our business in the field of procuring goods for industrial needs. And more specifically related to Mold & Die and Injection Plastic Manufacturers.

PT. GUNA BUDI LANCAR maintains an order delivery success ratio of 99.96%, so customers have full confidence knowing that every product ordered will be delivered on time. This achievement brings strong market growth to PT. GUNA BUDI LANCAR.

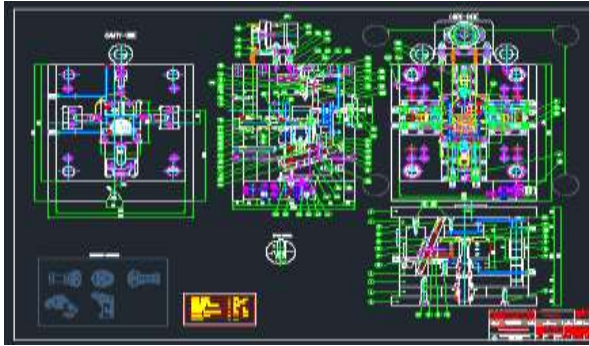

mission of GBL

With customer Satisfactory as our top priority, our mission is to provide high quality (Quality), and fast and reliable delivery times (Time). With a commitment to achieving our mission, we are confident that we are the solution for the future.
